

NORWAY TOWARDS 2030

Development Assistance and Domestic Policies:
A Diplomatic, Political and Pragmatic Approach

THE GLOBAL POLICY SHIFT...

Moving from MDG to SDG, from Rio20 to UN70:

- Rio enhanced attention to planet and environment
- New York reinforced poverty and sustaining peace
- UN70 Summit secured successful SDG balance

While crucial conferences created conducive context:

- Addis Ababa Financing for Development
- Paris Conference on Climate Change
- Nairobi WTO Trade Ministerial

...SHAPES NATIONAL PRIORITIES...

In domestic policies:

- Agenda 2030 SDGs part of domestic policy discourse
- National challenges: not only climate and environment
- Civil society, business, parliament, public involvement

And in foreign policy:

- Sustainability = poverty, planet, peace, partnerships
- Security = resources, climate, energy, food security
- Solidarity = health, education, governance, oceans

..IN POLITICAL AND PRAGMATIC FOLLOW-UP

- Inter-ministerial coordination of UN negotiations
- Political-bureaucratic process shaping priorities
- Prime Minister leadership in MDG+SDG advocacy
- MFA hand over to Finance of domestic follow-up
- Finance pass on to ministries to report on 17 SDGs
- HLPF 2016 report compiled by MFA, presented by PM
- Follow-up reporting integrated in budget process
